

BOY SCOUTS OF AMERICA®

THREE FIRES COUNCIL

Beginning on March 4, 2019, the management of the Naperville Scout Shop will transfer over to the Boy Scouts of America national supply division. During this transition, the Naperville Scout Shop will need to be closed for a few days for inventory and upgrading. The St. Charles Scout Shop will remain open for all your Scouting needs.

The Naperville store provides a very important customer service role to our local Scouting families and volunteers. Beginning Monday, March 4, customers visiting the shop will see very little difference (operationally) when shopping. We are committed to serving the needs of our Scouting families and volunteers. The Naperville Scout Shop will continue to offer the same services and products (and possibly more).

The shop will continue to carry Three Fires Council logo gear; membership forms, event registration, advancement and access unit accounts may continue to be dropped off at the Naperville location.

The Council made this change to reduce expenses associated with directly running a retail operation and continuing to provide great customer service. This change will result in reduced expenses and increased revenue that can be re-invested in program related services for our youth participants.
